@AshokaPhilippines

Ashoka is looking for practical visionaries.

CRITERIA

Ashoka Fellows are exceptional social innovators. Motivated by public gain, they are dedicated to creating solutions that are more effective, efficient, sustainable, and equitable.

Candidates must have a new idea with the potential of addressing the root cause of the problem. Their solution's prospective impact must be scalable to at least the national level.

In order to project the rate of success, Ashoka takes a closer look at the candidates themselves, not just their proposed solutions. Candidates must be highly adaptive, resourceful, practical, and ethical for their idea to work.

NEW IDEA

A new solution or approach to a social problem

CREATIVITY

Resourceful in managing challenges and opportunities

ENTREPRENEURIAL QUALITY

Dedicated to seeing their vision become reality

SOCIAL IMPACT

Potential to trigger nationwide impact

ETHICAL FIBER

Deeply and firmly rooted in a commitment to serve others

Around the world, Ashoka gauges each candidate's fit through a global selection process which consists of: extensive research; a series of interviews; local and international evaluations; and advice from key experts in related fields. This way Ashoka is able to assess whether a candidate's proposed idea has the potential for systemic-change.
